### JAMES'S COMMENTS

I believe that education is the key to success and the greatest success comes from achieving above and beyond any expectations. I am truly thankful to God for how he has blessed me and how I have progressed through the hard times, trials and tribulations in my life. Those times made me stronger and a better person because I refused to give into failure. I have made the decision to keep pressing forward regardless of the odds that are against me. I encourage myself with a constant reminder that I can do all things through Christ that strenghtens me. I am especially thankful to my mother, my father and my Grandmother for their guidance and support because they are my inspiration. I am also thankful for the JDCC TRIO Upward Bound Program for helping me prepare for my college adventures and having faith that I will succeed in whatever career path I choose for my life.
